

My name is Malesha Hines. I graduated from Old Dominion University with a Bachelor of Science Degree, in Interdisciplinary Studies. I furthered my education at Averett University, where I received my Master of Education Degree. I also hold a postgraduate professional license from the Commonwealth of Virginia with an endorsement in Elementary Education. Over the past 14 years, I have enjoyed teaching pre-k and kindergarten students. Currently, I am a pre-k teacher and tutor. I am a firm believer of meeting my students where they are and planning activities that will meet their needs. When I am not teaching, I enjoy spending time with my husband and two sons.
